The Mosque is a house to Worship Allah. The Muslims go to the mosque for prayer & reading The Holy Quran.

There are many mosques in our country - India.

Once we went to our friend, Nabeel's country - we saw many beautiful mosques in this country. There is a big & clean basin in the ground of the mosque. And there is also a beautiful garden in front of mosque.

The boys & the girls started playing in garden. I saw some boys plucking flowers. I said: Don't pluck flowers, boys! Don't pluck flowers, girls! Why are you standing, girl? don't stand here. Go in house.

I went with my son, Mohammad, to the mosque to pray Zuhr, the people & the boys came to the mosque. I went with my son, Mohd, to the basin to perform ablution. We sat with the other prayers on the basin for ablution.
