Passive Participle

Is a noun which is affected by the subject (does) and is formed from the passive verb

**Rules of Formation**

1. **If the passive verb is a 3-letter word**, we make it a 4-letter word.

2. **If the verb contains more than 3 letters**, then from its present tense passive, we change the sign of the second last letter into a (ت) and add the form of (ت) to the second last letter.
