Muhammad's house there is clean and cold water. They have a big bridge. I will only take the cheese puffs because Muhammad likes them & the other things are unnecessary & that is because Muhammad's mother offers us snacks. They are good people and love guests. I was on my way to Muhammad's house when I met Nabil. Nabil said: Where are you going, O Saeed? And I am on my way to your house for studying with you. I said: You are late and you didn't inform me earlier. Its Ok. Why don't you come with me to Muhammad's house? Nabil said: Who is this Muhammad? I said: You don't know him, He is from eightth class. Muhammad is an intelligent boy. He will help us in understanding the lesson and solve the hard question for us. He will welcome you also if Allah wills. He is a good friend of mine. Translation.

I am Sayeed Ahmed. I was in vacations from the school. I asked permission from my father to go to my friend Muhammad's house for studies. My father said: You can go but you have to take with you all the equipment, books, stationary and also the books. You have to remember to study with your friend and not to play much. The exams are near and you have to take with you puffs & sandwiches and if you want, you share them with your friend Muhammad. My Mother said: I have made puffs and cakes for you and do you want to take a water bottle with you. Saeed said No, I won't take a water bottle with me ~~you eat~~. I will not take food, in

come with you. I remember now, he is that tall boy who is good at all. I said: yes. Nabil said: I know him well. And he knows me too. It's ok, let's go to his house.

Nabil and Saeed went to Muhammad's house. Muhammad was waiting for Saeed. He was happy when he saw Saeed and welcomed Nabil too. They all went to Muhammad's studying room after they had greeted Muhammad's parents. They all studied for two whole hours. They were offered by Muhammad's mother sweets and fruits and milk etc.

After that Saeed and Nabil went back to their houses.
